

USER CASE №2

USER CASE TITLE: Drawing a portrait with defective collet pencil

PURPOSE: Examine and consider the usage of defective collet pencil in drawing process

ACTORS: Artist, Sitter (artist's Model)

CONDITIONS:

- The room has enough space and light, so that the sitter is visible for artist
- Sitter sits still in front of the artist
- Collet pencil is out of order, collet tongs are broken

ACTIVATING EVENTS: Artist pushes the button to slide out the pencil lead on appropriate length and tries to fix it, but collet tongs are broken

PROCEDURE: Artist catches the image of a Sitter -> Artist tries to put collet pencil in action, but failed -> Proposal to the Sitter to do the painted portrait -> Sitter refuses a new proposal as it consumes much more time -> Another meeting is arranged for the next day -> Payment postponed.
